“Killer’s Paradise” is a bold film that captures the raw emotions of all those effected and the harsh reality of a struggling nation. Since 1999, more than two thousand women have been murdered in Guatemala, with the number escalating every year. Yet lawmakers and government officials just turn a blind eye. Powerful and uncompromising, Killer’s Paradise uncovers one of the most emotionally wrenching human rights abuses taking place, while exposing the impunity allowed by an inept judicial system. No one knows who is behind these atrocious acts and nothing is being done to find the culprits.

But there are traces of hope: a grassroots human rights movement is emerging. Fuelled by frustration, anger, great sadness and loss, women and men are coming together for a common fight .
