

Graduate Research Assistant Opportunity (GRA 1 or GRA 2)
Casual Position – Faculty of Health Disciplines
Climate Change and Adolescent Mental Well-being

Start Date: As soon as possible

Overview:

Dr. Gina Martin is looking to hire a part-time Graduate Research Assistant to support work investigating the impact of climate change on the mental well-being of adolescents. This position will contribute to this research area by working on ethics applications, cognitive interviews, survey development, and manuscript writing. The successful applicant may also be involved in grant writing.

Specific activities include, but are not limited to:

The primary duties for research assistant will include:

- Conducting cognitive interviews
- Transcribing cognitive interviews
- Producing qualitative and quantitative summary reports of findings
- Weekly meetings with members of the research team

The successful candidate will work with, and directly report to, Dr. Gina Martin at Athabasca University. Dr. Martin will provide training in focus group discussions and development of study protocols.

Qualifications:

- Experience using Qualtrics survey software
- Ability to work collaboratively
- Able to prioritize tasks and manage deadlines
- Previous research experience
- Previous research project management experience
- Interest in young people's health and well-being and/or planetary health

The position is based from a home office and can be located anywhere in Canada.

How to apply:

Qualified individuals are encouraged to submit their application by email to Dr. Gina Martin at gmartin@athabascau.ca. Applications should include (as a single PDF file) a brief cover letter that

summarizes your skills, interests, and experience, as well as a current resume or curriculum vitae.

Evaluation of applications will begin immediately and will continue until a suitable candidate is found. All applicants are thanked for their interest in this position; however, only candidates selected for an interview will be contacted.

Athabasca University and the researchers are committed and seek to support equity in employment and research opportunities. We strongly encourage applications from Indigenous people, people of colour, people with disabilities, 2SLGBTQIA+ people, women, and other historically marginalized groups. Applicants are welcome, but not required, to self-identify in their letter of application.

For more information on this Research Assistant Opportunity, please contact Dr. Gina Martin
gmartin@athabascau.ca.
